GENERAL GOETHALS HAS HUGE TASK CLEARING PANAMA CANAL

What latest slide has done to Panama canal near Gold Hill.

This photo, just received from the Panama canal zone, pictures vividly the problem confronting General Goethals and other canal officials. Rock and earth have moved down from the heights on either side and forced the mud at the bottom up out of the water. In the foreground is an island which began to form just before the picture was made. It rose and spread until it joined the sides of the canal.

OTHER SIDE OF RUSSELL MATTER GIVEN

Reply to Article under Caption,
"Strange Preacher in a
Great Hurry."

(Communicated.)

The writer happened to be present, and heard what the stranger said, as well as what Russell said. First of all, I emphatically deny that the stranger uttered just such words as the above mentioned article stated.

Throughout his entire discourse he spoke loudly and clearly, so that a large crowd had gathered to listen. With the exception of a few Mormons the crowd was at once struck with his deep sincerity and the manner in which the undefiled gospel of Jesus fell from his lips. At no time did he manifest a coarse desire to create strife or get a debate from anyone.

He warned the people to beware of such a devilish deception as Russell was trying to impose upon them. And admonished them to go to Jesus and get a real experience of Bible salvation that would stand the shocks of the final judgment.

During his talk he remarked that Russell had said in the court house that the Prophets Isaiah and Jeremiah were two different characters.

By reading a portion of the word of God found in Matthew 3:3 and referring to the Isaiah 40:3 and also in Matthew 3:15 and 17 and Isaiah 53:4-5 he proved beyond the shadow of a doubt to all present that Russell's statement was absolutely false. Russell had previously made a similar statement in regard to Jeremiah and Jeremy. But the stranger also proved that false by reading the word of God as found in Matthew 3:17 and referring to Jeremiah 31:15.

He also proved false some statements that Russell had made in re-

gard to St. Paul not recognizing Apollos as being a God sent minister. (See 1-Cor. 3-8.), as well as touching water baptism.

The stranger informed the crowd that he had but little time to talk as his baggage was at the depot and checked for Newport News, Va., and that his word was out to hold one more cottage meeting in the city before leaving. But no sooner had he dismissed his hearers than did Russell spring forward with his usual ungentlemanly bluff in the form of a banter to debate publicly in the court house, to which the stranger replied that he would not do such a thing under any consideration as it was distinctly out of God's order. Debating is forbidden in God's word. See Rom. 1:29, 2 Cor. 12:20, and Isaiah 68:4. The entire twenty-fifth

Wells-Haymaker Has Such Faith in
this Dyspepsia Remedy That
They Guarantee It.

One of the greatest success in the sale of medicine has been achieved by Mi-o-na, the standard dyspepsia remedy, and its sale is increasing so rapidly that Wells-Haymaker, the popular druggist, has hard work to keep a stock on hand. It is very popular with bankers, ministers, lawyers and others whose business or profession keeps them closely confined, while those who have brought on indigestion through irregular eating, works or other causes, have found relief in this reliable remedy.

Mi-o-na comes in tablet form and is sold in a metal box especially designed for convenience in carrying the medicine in the pocket or purse. It is pleasant to take, gives quick relief and should help any case, no matter of how long a standing. This remedy has been so uniformly successful that Wells-Haymaker will in future sell Mi-o-na under a positive guarantee to refund the money if it should not prove entirely satisfactory. No other dyspepsia medicine ever had a large enough percentage of cures so that it could be sold in this manner. A guarantee like this speaks volumes for the merit of the remedy.

There is no time like the present to do a thing that ought to be done. If any one has dyspepsia, today is the best time to begin curing it.

set to work at one to revise the writing to suit himself, making declaration of having seen an angel that carried metal plates and the translating instruments Urim and Thummim mentioned in the Bible. Smith declared that the angel had endowed him with Aaronic (for a time) priesthood and that four or five years later he was endowed with Melchisedec.

The plates were to be buried for the above mentioned length of time. He also stated that the angel took the plates away. Dear old sister! I don't wonder she must have realized that they would not be able to stand an investigation or the onward march of civilization. When the allotted time had expired Smith, with his corps of assistants had finished their wild work. Lo and behold! The world had a new religion. Not more of the religion taught by Jesus and the Apostles, but a new one of Satanic origin.

We feel no hesitancy in branding Joseph Smith as a conceited old fakir and certainly think that this man

Russell has more "mother wit" than to be peddling his old bunk around over the county. In his attempts to play section he forgot his own predicament, being a self-styled apostle of a very shady sect himself. We are told in God's word that when the blind lead the blind they will both fall into the ditch which means everlasting hell. See Rev. 20:10.

With a feeling of deep concern and brotherly love to all we admonish all in the fear of the Almighty God to beware of all such cunningly set traps of the devil. Neither Mormonism nor any other form of mortal man can travel upon the highway of holiness, for the way is too straight. See Luke 13:34. Matt 17:18. God's way is so straight that it is very unpopular with the average professor of today. The poor deceived souls that are being deluded by such deceptions are drunk upon the wine that Russell himself mentioned Sunday night in the court house.

And the worst of it all is that they are so badly intoxicated that they do

not see their real condition. May God help them to get sobered up before they wake up in the judgment and find that they are paupers in a strange land without eternally gold.

WAUBUN EXCITED.

WAUBUN, S. D., Nov. 12.—Excitement ran high here when Mrs. Ida Mead was seen with a cocked revolver pointed at the head of a hobo marching ahead of her with hands elevated. She paraded him through the town and turned him over to the marshal at the jail. The tramp was robbing Mrs. Mead's garden, and when she ordered him away he threatened her.

TOO GREEN TO BURN.

MINNEAPOLIS, Minn., Nov. 12.—Coal, too green to burn, has been found at the bottom of Lake Nokomis, Minneapolis. Small particles brought to the surface by a dredge being used at the lake have been analyzed by university geologists and reported as genuine coal.
